ASTIGMATISM.

What it is, and how corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but the hand of an expert ophthalmologist and a special ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful in-trument. Office hours 8:30 to 12:30; 2 to 6. 302 S. Elm St.

GRADUATING RECITALS.

By Music Students of Greensboro Female College Last Night.

A very select audience assembled in the chapel of Greensboro Female College last evening in response to a special invitation to hear the recital of the graduates in music.

The performers were Misses Bertha Weathersbee, Elma Cole, Mary Gibson and Lucy Bowden, graduates, assisted by Mr. Harry Cunningham, of this city.

The first number on the program was a selection from "Beethoven" by the four graduates. The rendering of this number occupied about forty-five minutes, during which time the eight hands kept together with remarkable accuracy, as perfect as a clock.

When Mr. Cunningham appeared he was greeted with an enthusiastic applause. The vocal solo "Longing" by Rubenstein, suited his beautiful voice perfectly and brought forth a lasting storm of applause from the college ladies.

Miss Weathersbee played the first piano solo, "Rhapsodie Hongroise No. 2" by Liszt. The most noticeable characteristic of her playing was her remarkable execution. Her oblivious absorption in the rendition of this masterpiece exhibited the characteristic of a true musician—a master of the art.

Selections from "Brossins Nocturnes" and Chopin's "Ballades" as played by Miss Cole, were full of sympathy, pathos and gentle accent—extremely gentle and wired like the echo of enchantment.

Miss Mary Gibson's "Kamenoi Ostrow" by Rubenstein, reminded one of a shadowy dream. The gentle weaving and twining and intertwining of the chords, minor chords and accented notes, softly swayed the listeners' sympathy to and fro.

Miss Bowden's selections from Grieg, Chaminade, Schubert and Chopin were very pleasing to lovers of classic music. One of her most prominent characteristics, was her delicately spirited expression. Her soft swells were like the ebb and flow of the sea-side, intermingled with occasional bursts of rapture and surprised enthusiasm.

The selections were all chosen with a view to bringing out leading characteristics of each individual artist.

The recital showed great care in training, and reflected much credit on Prof. Parker and the faculty.

A MOST REMARKABLE CASE

Death of a Prominent Citizen of Stokes County.

Mr. Joel F. Hill, a prominent and highly respected citizen of Stokes county, died a few days ago. He had reached an advanced age, and had spent a life of great usefulness to his county, having been a representative in the General Assembly of North Carolina for several terms and held other positions of public trust.

For some time preceding his death he had been afflicted with a most rare and remarkable disease. Seating himself one day in a chair at his residence, he adjusted his glasses and prepared to read a newspaper. His memory was fail, he was in possession of all his faculties, and apparently in the best of health. Opening the paper, some of the family were attracted by an ejaculation from him, when it was discovered that he was totally unable to read a line. He not only could not read, but the letters were strange characters to his eyes. His sight was good as usual, and his family were moved to send for a doctor. The physician diagnosed the trouble as aphasia, or the obliteration from the mind of the faculty pertaining to letters.

Mr. Hill never recovered the lost art to the day of his death.

ADVANCE NORTH RESUMED

By General Lawton From Balang Today.

SECRET DISPATCH RECEIVED

At Washington, Which is Withheld From Publication—Provisions Sent The Prisoners.

By Cable to THE TELEGRAM.

Manila, May 3—A conference lasting two hours was held today between General Odis and the envoys from General Luna, bearing upon the proposal of the rebel leader for a cessation of hostilities. Odis adhered to his former refusal to recognize the so-called government of the Filipinos. The insurgents now ask for a truce of three months, to enable Aguinaldo to summon a congress and consult with Filipino leaders from other islands. The envoys admitted the contention of Odis that Aguinaldo had little control of agairs outside the island of Luzon. The question of the release of Spanish prisoners in the hands of the Filipinos being mentioned, Major-General Arguelles, the chief member of the delegation, said he considered them as being in the same category with the Americans, the United States being the successor to Spain's dominion over the islands, and, acquiring by treaty all Spanish rights and obligations.

After a close consultation with Odis, the Filipino envoys had an audience with the United States Philippine commission.

LAWTON RESUMES THE ADVANCE.

Manila, May 3—Lawton resumed the advance north today, marching from Balang. Wheeler's troop of the Fourth cavalry, while reconnoitering yesterday, encountered at Pilla a small body of insurgents who failed to return the American fire, but raised a white flag. A party followed, in which the Filipinos explained that they had strict orders to stop fighting, pending the negotiations of the armistice. They were given half an hour to get away.

SECRET DISPATCH.

Washington, May 3—The war department has received advice from Odis publication of which is refused "It is significant," Adjutant-General Corbin said, after reading the suppressed dispatch, "and I have no reason to change my previous opinion that there will be a great deal of back-biting before the insurgents will agree to our terms, which will end with their surrender."

PROVISIONS SENT THE PRISONERS.

Manila, May 3—Odis has sent a train load of provisions to the American prisoners held by the insurgents at San Isidro. The rebel commissioners have promised the food shall be distributed. They say money is not necessary to be sent as, according to their statement, the prisoners are being well treated.

HIGH-PRICED SERVICES.

Dr. Ledbetter Hands in a Bill That Is a Corker.

The retiring county physician, Dr. A. E. Ledbetter, who had charge of the recent vaccination business and smallpox scare in this city, has filed his bill—but he didn't file it enough. He yesterday placed in the hands of Mayor Taylor a bill against the city of Greensboro for 40 days services rendered, \$2,450, which is \$50 per day.

This amount, we understand, is for services alone, and that an additional bill of anywhere from \$800 to \$1,000 will be brought in for guards, furnishings, provisions, etc. This is pretty costly business, and if it stood any show of being paid, would raise a just cry of indignation from the taxpayers.

That Dr. Ledbetter should be paid a reasonable amount, no one will controvert, but from the statement that the bill presented is outrageously exorbitant no one will dissent. The doctor had, in a large measure, won the sympathies of the community, and many people were grateful to him for doing what he conceived to be his duty, but that feeling was not increased by his treatment of Dr. Bradburn's "opinion and the climax is capped by the charge he makes 'for services rendered.'

It would be in order now for one of the profession who headed a subscription list with five dollars to push his scheme and come to the city's relief.

At The Academy Tonight.

The Shubert Glee Club, said to be one of the best amusement companies on the road, will appear at the Academy of music tonight and not Friday night as heretofore advertised. The company is made up of singers, violinists, pianists, impersonators, etc., and is said to give a splendid entertainment. The season will soon be over and this may be the last entertainment in some time. Manager McAdoo expects a good crowd.

POOR ADVICE TO THE NEGROES.

The Portland, Me., Express has published an editorial apropos of the recent Georgia lawlessness that contains dangerous hints to the colored people and is a deep insult to the white people of the south. We refrain from reproducing the article, believing it would have the effect of fomenting trouble between the races. The editor of our northern contemporary forfeits his right to be called white by his virtual urging on of the negroes to insurrection, holding out to them the ignis fatuus of government protection.

There is one thing as sure as that the sun shines from the heavens: When the colored people spring to arms to protect black, inhuman brutes who have violated their privilege to breathe, just so sure will their existence as a people end. The white people are their true friends, as the past has demonstrated, but they have a sphere in which they must remain if they wish to enjoy the benefits of citizenship.

With the practical collapse of the Filipinos' resistance on Luzon Island there comes the welcome assurance that no more troops will be needed for military duty in that far-off and pestilential corner of the federal dominion. We have paid enough already for the Philippines—twenty millions in cash, fifteen hundred men killed and wounded, and three thousand disabled by disease—and the prospect of a release of obligation is welcome, indeed.—Philadelphia Record.

Can we find comfort in the fact that the pension monster will lift his hated head after the smoke of battle has cleared away, smack his lips and assure us that our friends who fell in this unhallowed war are not dead, nor are they sleeping, but that they will live forever?

The temporary cessation of hostilities in the Philippines, due to the chewing of the rag by Odis and the insurgent commissioners looking to a settlement of the difficulty without further bloodshed, has ended, and Lawson starts up the old game again by killing and wounding a whole lot of Filipinos, while several of his own force were wounded.

The action of the Atlanta mob in its shameful desecration and mutilation of Dr. Broughton's church, after having threatened his life and sent him pieces of the alleged flesh of the burnt negro, Sam Hose, is most deplorable. What has become of the law in Georgia? It should be enthroned if it hasn't left the state.

It is said that the city of Atlanta is desirous of being made the headquarters of the sons of Confederate veterans. And she'll be made it, too, mark that. Atlanta gets everything, and the more she gets the more she wants. Present her with the earth and she would ask that it be fenced in.

It is with the sincerest sympathy and regret that we learn of the illness of Mr. H. T. Hopkins, of Washington, D. C. We hope he may early be restored to health, and that his most interesting daily letter from the national capital may resume its wonted place in the Telegram.

The Samoan affair seems to have Kautz in a difficulty.

A Clever Trick.

It certainly looks like it, but there is really nothing to it. Anybody can try it who has lame back, kidneys, malaria or nervous troubles. We mean he can cure himself right away by using Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys. It cures constipation and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at C. E. Ho's drug store.

No Cure—No Pay.

That is the way all druggists sell Grove's Tastless Chills Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter-nauseating tonics. Price, 50c.

FIGHTING RESUMED.

One American Killed and Several Wounded.

Manila, May 2—Heavy fighting by Lawson's troops was reported to be in progress near Balangig this morning. The wires are cut and no further news is obtainable.

Lawson encountered strong resistance from the enemy near San Rafael last night, losing one killed and five wounded. Yesterday a reconnoitering party observed several hundred refugees near San Simon, four miles north of Apalit. Many of them were suffering from smallpox and fevers, and all were in a wretched condition.

A large body of soldiers is reported to be marching west from Balangig across the marsh road toward San Luis, seven miles north of Calumpit.

More Macabebes continue to arrive at Calumpit. They express great fear of Tagalog, and seek to be supplied with arms with which to fight them.

Foreigners arriving from Apalit, at the northern extremity of Luzon, report the natives concentrating and preparing to resist Americans.

Colonel Arguelles, the Filipino emissary who came through the American lines last Friday with a proposal for cessation of hostilities, again came through the lines at 11 o'clock this morning and visited General MacArthur. Arguelles was accompanied by a captain of the insurgent army. He was escorted to Manila by Major Malony and was taken to the palace, where he had a conference with General Orlas.

On the way to Manila, Arguelles said the Filipinos desired to enter into negotiations before surrendering. His conversation indicated that the natives were thoroughly tired of the war. Arguelles said the Filipinos desired the same form of government for the Philippines as existed in the South American republics.

NEW TELEPHONE LINES.

One Coming From Durham to Greensboro.

The Inter-State Telephone Company is rapidly spreading out.

It has bought out the Elmira Telephone Company, which runs from here to Goldsboro, via Selma, Smithfield, Dunn, Princeton and Clayton, and yesterday that line was cut on the Inter-State switchboard. Heretofore the line has been operated in connection with the Bell Company's system.

In addition to this the Inter-State is building a line from Goldsboro to Wilmington, and soon the people of Raleigh can be hallooing to their friends in the city by the Cape Fear River. This line is already about half completed.

To the northward improvements are also going on. A line is in process of construction from here to Durham. From Durham it will be extended to Greensboro, where it will connect with the Winston line, thence to Danville. Verily, talk is getting cheap these days.—Raleigh News and Observer.

Bucklin's Arnica Salve.

The best salve in the world for cuts, blisters, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

BALTIMORE IS SAFE.

The Election of Hays, Democ, at Conceded by 7,500 Majority.

Baltimore, May 2—Unofficial returns from 17 prechests of the 308 in Baltimore city, give Hayes (Dem.) for mayor 4,046 majority over Master (Rep.). The returns show large democratic gains over last fall's election and Hayes' election is conceded by 7,500 majority. Enough returns have not been received to positively indicate the vote for city council but the democrats will control both branches and have elected James H. Smith controller and Skipwith Wilmer, president second branch of the city council.

I was reading an advertisement of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. Stroud, Popomoke City, Md. For sale by C. E. Holton.

KILLED IN A PRIZE FIGHT.

Merle Boy Knocked Out by a Blow Over the Heart.

Albany, N. Y., May 1—At the White Hall Athletic Club here tonight, Frank Martin was knocked out by a punch over the heart delivered by Frank McHenry. Martin never recovered consciousness, and died before a physician arrived. The principals were men boys and were to have fought six rounds. The deadly blow was struck in the third round, and Martin dropped to his knees and hung on the ropes. His seconds carried him to a bench and began fanning him, thinking he had fainted. Physicians say this probably brought on his death, as palpitation of the heart having set in, should have been wrapped in warm clothes. The referee, Martin's seconds and McHenry were arrested.

A large body of soldiers is reported to be marching west from Balangig across the marsh road toward San Luis, seven miles north of Calumpit.

More Macabebes continue to arrive at Calumpit. They express great fear of Tagalog, and seek to be supplied with arms with which to fight them.

SAM LUCAS MUST HANG.

Supreme Court Affirms Decision of Lower Court.

Sam Lucas must hang.

The Supreme court, to which an appeal was taken, yesterday handed down its decision, affirming the decision of the lower court. When a Telegraph reporter rattled the lock on the prisoner's cell this morning and told him of his fate, he was much surprised and simply remarked: "Well, it's all done now." With this he seized an old newspaper and pretended to read, attempting to conceal his emotion. He asked a few questions about being represented before the Supreme court and took his seat. The governor will appoint the day of execution, the sentence of the lower court being, according to law, sufficient and it is probable that Sheriff Gilmer will soon be called upon to perform the unpleasant duty of hanging a man.

Sam Lucas on the 20th of last August killed Henry Wood. He was tried and convicted only a few days after the murder, and sentenced by Judge Timberlake to be hung on the 29th day of last September. The decision of the supreme court is what was expected, but the appeal has given Lucas seven months, if not more, of life, which, though it be spent in a prison cell, is sweet.

An Announcement.

Greensboro, N. C., April 21, 1900.

I beg to announce that I have secured the Policy-Writing Agency of the Astor Life and Accident Insurance Co., of Hartford, Conn., (accident department) and will, as soon as supplies reach me, issue from the Greensboro office, Room No. 4, Katz building, accident policies which will embrace a health feature especially attractive, (these policies will be issued for accidents, only, or will combine the health feature if desired). All policy holders (accident department) can have the health feature attached to their policies, and we will attach (free of charge) a special, partial disability clause which cannot fail to attract the attention of those now insured against accidents with the company.

I have the agency (life) of the Penn Mutual, Aetna, Mutual Life of Kentucky, Travelers, Security Trust, and will be to see you.

Failing to get around to see you in time, will be glad to have you call on me in my newly fitted office, where I am prepared to do, with dispatch and neatness, stenographic and typewriting work, write contracts, do copying, etc. Stamps to accommodate.

Yours truly,

J. H. Merritt.

GREENSBORO BOY PROMOTED.

Lieutenant Scales Raised to the Position of Senior Lieutenant.

The Telegram is glad to learn of the promotion of Lieutenant A. H. Scales, who is now on board the Alliance at Santiago. Lieutenant Scales is a brother of Hon. A. M. Scales, of this city. His promotion corresponds in the navy to the rank of captain in the army, and his military title is now senior lieutenant. The news of his good fortune in thus being raised in rank was heard this morning in Greensboro, and his friends feel pardonable pride in the promotion.

Queen Quality.
